Docket No. 98N-1265

Food and Drug Administration '99 APR 15 A9:27

5600 Fishers Lane

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I had tremendous side effects from the
estraderm patch & provera until I received
my compounded prescription of estradiol & progesterone
in the form of a cream. I feel so much
better and have been using them for
over a year. I appreciate your concern
in this matter.
